AGITATION AGAINST HIGH COSTS BRINGS BIG BREAK IN MARKETS

Corn Pork and Cotton Included in Products Which Hit Toboggan for Lower Levels Due to Probes Into High Cost of Living

INQUIRIES RESULT IN HEAVY SELLING

Senators Once More Take Up Discussion of Living Costs and Aim Blow at Government's Guarantee Price of Wheat.

450,000 Additional Steamship and Railway Workmen Join in Demand for Increased Wage if Living Cost is Not Cut.

CHICAGO, AUGUST 4.—(Associated Press)—Grain and provisions crashed heavily downward today in value. Selling was on a large scale, influenced chiefly by the widespread agitation against the high cost of living. Within one hour, corn prices dropped five and one-half cents to eight cents a bushel and pork \$1.25 a barrel. December delivery of corn fell to \$1.40 1/4 and January pork to \$48.

In most all cases the lowest prices of the day were current at the finish of trading. Nervousness among holders of corn was especially prevalent. Many of the last minute sales were at \$1.38 1/4, about 25 cents under prices less than a week ago.

COTTON DROPS \$5 PER BALE

NEW YORK, AUGUST 4.—(Associated Press)—Agitation against the high cost of living unsettled the cotton market today, and prices broke more than \$5.00 a bale.

SENATORS AGAIN DISCUSS HIGH COSTS

WASHINGTON, AUGUST 4.—(Associated Press)—Discussion of the high cost of living was resumed in the Senate today immediately after discussion opened. Chairman Gowna, of the Agricultural Committee announced that he had called a committee meeting tomorrow to discuss measures to reduce the cost of living.

Relation of the price of wheat to the cost of living was debated by several senators. Mr. Gowna denied that the government's wheat price guarantee causes undue prices for bread. He was supported by republican senators Kellogg and Nelson, who said wheat was being sold far above the government's guarantee at the chief terminals. The three senators predicted this year's crop would be much lower than government estimates.

TO STRIKE UNLESS COSTS ARE CUT

(By Associated Press.)

Washington, August 4.—Four hundred and fifty thousand members of the Brotherhood of Engineers and steamship clerks, freight handlers and station employees today joined with other workers, demanding that "unless something be done materially to reduce the cost of living our wages must be raised to give immediate relief."

The demands have been sent to the Railroad Administration.

PLANE AND MEN MAKING TRIP AROUND "RIM" OF UNITED STATES

Rear view of Martin bomber, in which trip is being made, and crew of bomber. Left to right: Lieut. Col. R. S. Hartz, Second Lieut. E. G. Marmon and First Lieut. L. A. Smith, pilots; Sergt. Jack Harding, Jr., mechanic, and Jeremiah Tobias, master electrician, who pulled thruster early in trip.

The first trip of its kind ever attempted is being made by Lieut. Col. R. S. Hartz and his crew of army aviators. In a U. S. Martin bomber plane they are circling the United States border. Their route, generally speaking, was to take in Cleveland, Ohio; Duluth,

Minn.; Seattle, Wash.; San Diego, Cal.; San Antonio, Tex.; Miami, Fla., and back to Washington. If the entire route is covered the total distance traversed will be 7,805 miles. Thirty-one states will be crossed. It will be the longest trip ever made by an airplane.

Electrician Tobias started early in the trip. While flying over Baltimore at a height of 3,000 feet and at ninety miles an hour Tobias climbed out onto a wing of the plane, swung to wires underneath and repaired a leak in a water tank.

BIG STRIKE OF SHOPMEN SPREADING

Roundhouse Workers to Join Shopmen in General Strike

(By Associated Press.)

Chicago, August 4.—Every roundhouse worker in the United States may be asked to join the general strike of the Federated Railway Shopmen's Union, according to information issued today at the headquarters of the organization.

The strike, which entered on its fourth day today and already has involved 250,000, will soon spread to every section of the country, local officials of the union declared today, unless demands are speedily met. The ranks of the strikers were augmented by several thousand today while locals at a number of important railway centers were balloting on the question of going out.

In some cities the locals have decided not to strike until orders come from their executive officials who are now in Washington, in conference with officials of the Railroad Administration.

Railroad officials said traffic would begin to suffer seriously within five days to a week.

Strikers Fail to Report Monday

(By Associated Press.)

Liverpool, England, August 4.—Riotous crowds were driven from the streets of Liverpool this morning by troops charging with fixed bayonets. The rioters filled the streets during the night, and it was not until day-break that the soldiers were ordered to charge. The employees of bus and tramway lines failed to report this morning.

RAILROAD MEN DECLINE PLAN OF PRESIDENT

Turn Down Proposal Made by Wilson and Demand Increases

Want Government to Hasten Probe.

(By Associated Press.)

Washington, August 4.—Officials of the six big railway shopmen's unions today told President Wilson they could not approve of his plan for settlement of railway wage problems and asked immediate granting of increases averaging approximately 25 per cent which were demanded last January.

(By Associated Press.)

Washington, August 4.—The executive council of the railway employees department of the American Federation of Labor went into conference with the President late today.

It was said the union officials expected to receive some assurance that the government would hasten its steps toward relieving the high cost of living, or giving adequate increases in wages to offset the growth in price.

BAKER ASKS ARMY OF 510,000 MEN IN TIME OF PEACE

Universal Military Training Also Included in Recommendations to Congress.

All Special Services Built Up During the War to Be Maintained Separately.

Three Months Military Training for All Youths of 19 Would Be Compulsory.

WASHINGTON, AUGUST 4.—(Associated Press)—Maintenance of one field army with a war strength of 1,250,000 men is proposed in a bill establishing a permanent military policy sent to Congress today by Secretary Baker.

The active force of this army would be 500,000 regulars while the remainder would be young men who had taken a three-months' military training course compulsory for all 19 year old youths.

This reserve strength would be used to fill out the 20 infantry divisions and one cavalry division into which it is proposed to divide the regular army. This plan for registering youths of 19 is the same with slight modifications as applied during the war under the selective service act. The bill provides for appointment of local and district boards, and \$10 for every day of duty being paid such officials.

WASHINGTON, AUGUST 4.—(Associated Press)—Plans for a permanent peace-time army of 510,000 officers and men and a system of universal military training were transmitted to Congress today by Secretary Baker.

The plans were embodied in a bill which represents the policy of the War Department with respect to the peace-time military establishment.

Under the measure, all special services built up during the war would be maintained as separate branches, except the chemical warfare service, which would be merged with the engineers corps.

Three months' military training for youths of 19 would be made compulsory and promotion of officers by seniority would be abolished. Secretary Baker said the war had shown this system of promotion to be defective.

No change in the existing law with regard to the organization of the National Guard and its relation to the Regular Army was suggested. Mr. Baker said it was assumed that the national defense act federalizing the guard would be retained in force.

Under the War Department's plan youths would be subject to military service for two years after completing the course of military training, and in the event of war, the selective service act in force during the period of war would become operative.

DOZEN DIE IN EXPLOSION

(By Associated Press.)

Raritan, N. Y., August 4.—At least 12 men were killed and many injured by the explosion of several magazines of the United States arsenal here, at 1:00 o'clock this afternoon.

The buildings, which were wrecked, caught fire and the arsenal fire department is trying to keep the flames from reaching the main structure.

GIVEN ASYLUM TO STOP TROUBLE

(By Associated Press.)

Vienna, August 4.—Bela Kun, former dictator of Hungary and his associates have been granted asylum by

Austria to avoid disturbances and unnecessary bloodshed in Budapest, according to a statement by the Austrian government.

The statement says they will be allowed to remain in Austria until Hungary is able to receive them again.

NINE TRAPPED IN COAL MINE

(By Associated Press.)

Charlestown, W. Va., August 4.—Nine men are imprisoned behind a fire in a mine at Blair, W. Va., near here according to a report received by the Chief of the State Department of Mines here.

The imprisoned men it was said, might be saved. Previous advices had stated that the nine men were reported to have been killed and that a large loss of life was feared.

LOCAL MAN WITH PACIFIC FLEET

A trip through the Panama Canal with the largest fleet that ever passed through the famous waterway has just been completed by Private Stanley E. McCord, of Washington C. H.,

who is serving with the U. S. Marines on board the U. S. S. Texas.

Private McCord and other sea soldiers of the squadron visited Colon, where they were greeted by a large crowd eager to see the great array of war ships, and where airplanes escorted the fleet into the harbor. After a safe passage through the canal and a brief visit to Balboa, on the Pacific

side, the fleet is now reported to be steaming northward.

Big plans are being made for the reception of the battleships on the West Coast. President Wilson is expected to review the fleet upon the arrival at San Francisco about the fifteenth of this month. After a short stay at the Golden Gate the itinerary calls for a visit to Pearl Harbor in the Hawaiian Islands, and some of the fleet will probably make the islands a base for future operations.

DEATH SUMMONS MRS. J. E. McLEAN

Word reached this city at 2:30 o'clock Monday afternoon of the death in Christ's Hospital, Cincinnati, of Mrs. Corda McLean, wife of Mr. J. Earl McLean, which occurred shortly after two o'clock p. m. following a recent tonsil operation.

Some three weeks ago Mrs. McLean, who has been in failing health since an attack of the influenza last winter went to the Rock Hill sanatorium, Cincinnati, to undergo special treatment and a few days ago an operation for tonsils was recommended and she was removed to the Christ Hospital, where death occurred.

On Sunday her condition became so grave that the family in this city was summoned. Mr. McLean and little son, Willard, Mrs. McLean's parents, Mr. and Mrs. Elias McCoy, sisters, Mrs. Earl Barnett, Miss Myrtle McCoy and Mr. Earl Barnett hurried to Cincinnati. Monday morning relatives here were advised of final steps taken to bring a change for the better, but all efforts were of no avail.

The deceased leaves besides the husband and small son, her parents, Mr. and Mrs. Elias McCoy; sisters, Mrs. Earl Barnett, Miss Myrtle McCoy, Mrs. James Hays and brothers, Willis and Jess, and a large number of other relatives.

Funeral arrangements will be announced later.

WHEAT YIELDS

Another 25-bushel yield is reported from 30 acres on the Charles Coffey farm near Buena Vista, operated by Coffey & Melson.

ENGLISH POLICE BARRACKS ATTACKED

London, August 4.—A party consisting of from twenty to thirty men yesterday morning attacked the Broadford police barracks in East Clare Island, according to a Central News dispatch from Ennis, capital of County Clare. The dispatch adds that a brick fire was maintained upon the barracks for more than an hour, with the police answering it. One constable was slightly wounded.

RUMANIA IS ASKED TO STOP ADVANCE

Paris, August 4.—The Supreme Inter-Allied Council sent a message Saturday to the Rumanian government requesting that the Rumanian army along the Theiss River cease its advance.

The council held no formal meeting today, but its members eagerly awaited further communication from the new Hungarian government at Budapest.

Rumania and Czechoslovakia in addition to other Balkan States, have urged the complete disarmament of the Hungarians immediately and the Peace Conference apparently is disposed to take every possible step to prevent further military action on the part of the Hungarians.

PRINCE ALEXANDER ACCEPTS RESIGNATION

Belgrade, August 3.—Prince Alexander, the Serbian Regent, has accepted the resignation of the cabinet. The Serbo-Croatian ministry's impending resignation became known last week, but no details concerning the reasons for this action have been forthcoming.

PACIFIC COAST IS PROTECTED BY NEW FLEET

Long Standing Cry of "Adequate Naval Protection" Answered.

Huge Naval Bases Part of Plan of U. S. Navy.

(By Associated Press)
San Francisco, Cal., August 4.—Division of the United States Navy and dispatch to this coast of the Pacific Fleet marks the end of a long campaign that has been waged by officials and citizens of Pacific states for what they termed "Adequate naval protection."

The Pacific coast attitude had been that great possibility of attack menaced the Pacific states unless the nation sent westward a large fleet.

Active campaigning for a big Pacific Naval Force began with the close of the Spanish-American war. It was urged that the Philippines and other Pacific islands possessed by the United States should be protected. Governors, congressional representatives and other officials made strong representations in the months following that war for increased naval strength on the Pacific.

After the building of the Panama canal many men in public life asserted that, in case of attack from the Pacific and destruction of the canal the largest part of the country's naval force would be kept away from the Pacific for a long period during which the Pacific states would be open to invasion.

Public men and newspapers of the Pacific Coast were practically a unit for naval expansion and ultimate station of a large force here.

Plans for curtailing naval expansion with the signing of the armistice in some quarters were countered by many insistent demands from the coast that the full building program be adhered to.

The announcement of Secretary Daniels that the navy was to be divided and approximately 200 ships stationed in the Pacific was hailed with delight.

PLANT IS READY TO START AT ONCE

As soon as girls can be obtained to operate the machines, the Miller and Manufacturers Service Company, on South Fayette street, will be operating at full capacity, and it is expected this number of girls will be obtained this week.

Mr. L. A. McCoy, who recently returned from New York where he held a conference with the Knickerbocker Bag Company, of which the plant in this city is a branch was authorized to run the plant to full capacity and already has several car loads of burlap and bags on hand.

Susie Adams, aged 17, in Probate Court Monday was committed to the Girls Industrial Home at Delaware on a charge of delinquency.

The girl was accused of taking a piece of jewelry valued at \$25.

The C. T. Class of the Presbyterian Church will hold their monthly meeting at the home of Mrs. J. T. Tuttle on Temple street.

Moving Along

The demand of the railroad trainmen's brotherhoods for a higher wage scale or a reduction in living costs has resulted in spurring the government into taking some affirmative action at last—action that has been too long delayed.

It is regrettable that it has required the aggressive action upon the part of organizations of the people to bring knowledge of existing conditions and the imperative need for action to dilatory officials.

Be that as it may, however, those conditions are behind us and it is not like the American people to waste time in looking backward and indulging in vain regrets.

The whole problem of reducing living costs is in front of us and that is the direction in which we must look.

Ohio, by reason of the vigorous action of Governor Cox, has taken a prominent place in the phalanx that is now forming to bring about a reformation. Other states following Ohio are wheeling into line for independent state action in connection with, or leading if need be, the national movement for better conditions.

The important thing now is that every local official, county and municipal, join whole heartedly in the work of larger political units because upon the work of the local officials depends the success of the whole organization.

No chain is stronger than its weakest link and if one local official fails to rise to the demand the whole organization fails.

Currency Volume

Expert opinions, now that the public demand for a reduction in living costs is becoming more insistent, are increasing rapidly on every hand.

Not only do these self constituted experts on economic ills and remedies lay bare the cause of the high living costs but they point, in a manner satisfactory to themselves at least, the way, and the only way out of the dilemma.

Quite naturally the great weight of opinion places the cause at the door of individual greed and unlawful combination. That, in the absence of facts, is the easiest and, perhaps, the most popular way to place the blame.

We are not ready yet, by any manner of means, to accept that view as final and proceed in our endeavor to obtain relief along the lines indicated by those who see only illegal combinations. There are indications that such regrettable organizations may be effectively operating but every nation in the world is effected precisely as America is in regard to living costs and combinations but, unless rumors of the meat packers' trust are well founded, they have not yet attained world wide or even international control.

Since few of the more conservative experts lay a part of the blame to the tremendous increase in the money of the nation and suggest that the circulating currency be reduced in volume under our regional bank system. Experience and necessity have proven the ability of the government to expand the amount of the money in circulation. We fail to see why it will not operate just as satisfactorily in withdrawing money from circulation.

We all know that the more dollars there are in circulation the lower the purchasing power of each dollar is—which is another way to express high living costs.

What of Mexico?

Texas is now insisting that the federal government either protect the border, safeguard the life and property of the residents of the Lone Star state, or give the state government authority to protect its citizens and their property.

The request of Texas is not an unreasonable one. It merits, in all justice, the consideration of the federal government. People in Texas—all along the border line, stretching its tortuous length, as it follows the meanderings of the Rio Grande from El Paso to Brownsville—have lived in terror of life for years. The outlaw bands have committed almost hourly depredations, dashing across the border to plunder and threaten, sometimes murder the Texas ranchers.

This nation is not seeking war with Mexico and is not going to have war with Mexico, but our citizens are demanding that Mexico be made to line up with other nations and behave.

The Mexican peons are unimpressed by America's part in the great war. They still regard us as the vanquished foe in the war of '46 and the cowardly nation which they can insult at will.

In that opinion the ignorant peons seem to be no different from the Carranza government.

WRESTLING AND BOXING TONIGHT

With everything in readiness for the big show tonight at the Sunnyside ball park, the only thing needed to make this local event the best of the season in the squared circle is the weather man and indications are that he will be on hand with his best. The ring will be so arranged that everyone may see comfortably and the grandstand will be equipped with lights. A powerful light over the ring will clearly show the mat workers.

In view of the fact that Hillery will wrestle, combined with the eight round boxing exhibition, the largest crowd of the season is expected, rain or shine.

It is announced that ladies will be admitted free when accompanied by a paid admission and the fairer fans are expected to swell the crowd considerably.

BLACKBERRY CROP ENDS THIS WEEK

The great blackberry crop will virtually cease this week, although there will be some scattered berries yet next week, it is announced by persons who have been in the hill counties recently.

At the present time there are thousands of bushels of berries in the hill counties that are falling off or decaying on the vines because there have not been sufficient pickers to take care of the mammoth crop.

Of the tens of thousands bushels of berries picked in the hill counties, there has been a ready market in nearly ever community where railroad or highway facilities permitted handling the crop.

In addition to the countless numbers of auto loads removed from the hills, large amounts have been shipped out by train and motor truck; vast quantities canned for home use.

and a great many handled by the canneries located in the heart of the berry district.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Stealing a march on their wide circle of friends, Miss Jessie Leavell daughter of Mrs. J. P. Leavell of Bloomingburg, and Dr. Stewart Smith of New Castle Indiana, were quietly married Saturday evening at the Saint Andrew's Mission by William Vincent Mueller, Rector.

The surprise was made more complete by the fact that the bride had attended choir practice as usual at the church giving no hint of the event that was to follow.

The double ring ceremony was performed at eight-thirty o'clock, with Miss Mary Hanna Bliss and Mr. Jesse Hagler as attendants, Mrs. Frank Bending and Miss Helen Harper acting as witnesses.

The bride was charming in a simple gown of blue printed voile with bands of white organdie used in effective trimming on the skirt, and white organdie collar and cuffs. A large black meline hat with tiny pink rose buds outlining the brim completed her costume and was very becoming to her fair type.

Immediately after the wedding Dr. and Mrs. Smith went to the bride's home in Bloomingburg, where they spent the week end. Dr. Smith returned to New Castle, Sunday, Mrs. Smith remaining with her mother until November at which time she joins him to make that city their home.

Mrs. Smith, who possesses a lyric high

soprano voice, has been prominently identified with Washington's music circles for a number of years. Not only has she contributed freely of her talents for the pleasure of friends in this city, both as a member of the Cecilians, director of the Episcopal choir and other wise, but for some time she was a member of "The Physical Entertainers" in connection with the Lyceum League on the Chautauqua platform.

Mrs. Smith studied at the College of Music in Cincinnati and later graduated from the Von Ende School of Music in New York.

Friends in this city and community are joining with those in New Castle, where the groom is practicing his profession, in extending best wishes.

Ideal Farm for Sale!

We have for quick sale a 127-acre farm, a real money-maker and money is what the farmer is after. Situated near Lynden, Ross county, a good location. One-half level, one-half rolling, but tillable. One-third in timber, etc. Two splendid sugar camps, lots of fine water.

Seven-room house, good barn and other buildings. Well fenced and ditched. Extra fine money-making orchard in its prime—150 apple trees of best varieties, 25 pear trees, also peaches, plums and grapes. Owner last year sold \$800 worth of fruit. Big wheat yield and corn looks fine. Last year adjoining field produced 5 bushels and 50 pounds of clover seed per acre.

Owner will sell the high-grade hogs, cattle and horses now on the place; also hay, corn, etc., if desired, and give possession next November. Adjoining farms—no better—you could not buy for less than \$150 to \$200 per acre. This one can be bought now for \$100 per acre; one-half cash, remainder in one and two years. You can make as much or more clear money off this farm as you can off equal number of acres that will cost you elsewhere \$200 to \$300 per acre. Hog cholera is unknown here and it's a fine, healthful place to live. There is good reason to believe that coal oil underlies this farm, and the owner in selling will reserve one-half the oil and gas rights, purchaser getting one-half. Let us show you this farm. It must and will sell quick.

Program For Each Day Full
Of Interest For Every
Teacher.

With an unusually good attendance first session of the Fayette County Teachers' Institute was held Monday at 9 a. m. in Memorial Hall. The opening devotional exercises were conducted by Rev. G. E. Groves. Excellent addresses were delivered by Superintendent W. S. Edmund of Sandusky and Professor Martin.

Superintendent Edmund had selected for his opening address the topic, "I Am An American Citizen," which was thoroughly enjoyed and at the same time proved the speaker an orator of exceptional ability. Superintendent Edmund later in the day also spoke on "The Rural School of Tomorrow."

Professor Martin displayed much ability in his handling of the subject, "The Child and Morals." His afternoon address, Stages in Mental Development," was interesting to the extreme.

An equally interesting and instructive program is planned for Tuesday in connection with the Commencement of the rural and village schools.

TO STIMULATE
CLUB INTEREST

In an effort to further stimulate the interest in the Boys' and Girls' Poultry and Pig Club, the leaders in this work, Mrs. F. E. Haines and Mr. Orris Hegler made a motoring tour of the county Friday and Saturday in order to personally interview each member of the organization.

The special exhibit to be made at the county fair this year was also a matter of discussion.

Saturday afternoon the members of the club met at the Wilson centralized school on the Greenfield pike and enjoyed a picnic and get-together meeting.

GYPSIES DRIVEN
OUT OF COUNTY

Complaints reached the Sheriff's office, Monday morning, of a band of gypsies which had camped in the western part of the county, and deputies were sent to the scene to escort the band to the nearest point along the county line with instructions for the nomads to stay outside of Fayette county under penalty of arrest on charges of vagrancy.

The band is the first to give annoyance in this county in a number of weeks.

CASUALTIES

FILIPINOS SPEAK
AT GRACE CHURCH

At the morning service of the Grace M. E. church Sunday interesting talks were made by Mr. and Mrs. C. B. Terez, natives of the Philippines.

These two young people attended the University of Manila and then came to America where Mr. Terez is attending the University of Wisconsin, while Mrs. Terez is studying in San Francisco.

They expect to return to the Philippines in a year where they will enter the government service for two years, after which they will take up missionary work among the natives of the islands.

Both of these talented Filipinos spoke of the work that America is doing to elevate the conditions of their countrymen and the manner in which this is being done.

Fine Food for Old and Young

THE little folks are excellent judges of good things. Their taste is a natural one and not cultivated. That is the reason they are so fond of crisp, brown Jersey Corn Flakes. And you can't fool grandfather. He chooses food which is both appetizing and nourishing. He likes his dish heaped high as do the other grownups of the family.

Jersey Corn Flakes retain their crispness in milk and do not get soggy or unappetizing. Our process of manufacturing develops the sweet, natural flavor of the corn.

CLINTONS WIN INITIAL CLASH WITH ATHLETICS

Fisher's Home Run With
Full Bases Turns Tide in
Short Order.

Before an enormous crowd that had poured in from all surrounding towns and with all the local bugs on hand the Washington Athletics were defeated by their old time rivals, the Wilmington Clintons at the Sunnyside Park Sunday afternoon.

That famous wallop that has driven many a hurler to the dugout and put the game away came unexpectedly in the fourth frame when with the bases intensely populated Fisher cracked the first ball pitched to him, for the circuit. Many fans are of the opinion that it was the longest homer ever made on the local lot and verily 'twas a tremendous wallop.

Morris pitched sensational ball, working cleverly out of several bad holes until the famous fourth when the breaks went against the youngster and Reno went on the hill.

Although the locals touched Heironomus for three hits and three runs in the first the "Idol" of the Clinton fans improved as the game progressed and he finished in high gear, striking out two men in the final inning, and allowing but eight hits during the contest.

There is one consolation the boys have a chance to turn the trick on the victors in the enemies territory and that chance will come next Sunday.

First Inning.

Wilmington—Frey fouled to Turner on the first ball pitched; Emery singled through short; Fisher was safe on Reno's error; Doyle popped to Corwin; McCall was hit, filling the bases; Suttles fled out to Noon. No runs, one hit, one error.

Washington—Jones fled to left; Corwin was out at first unassisted; Noon lined sharply past the box; Adams was safe on an error by Fisher; Noon scored; Reno hit through first scoring Adams; H. Grandle hit for two bases scoring Reno but was out at third. Three runs, three hits, one error.

Second Inning

Wilmington—Davis fled to Reno; White was safe on an error in center; Hi was out at first, Grandle to Morris; Frey fled to center. No runs, no hits, one error.

Washington—A. Grandle went out Suttles to McCall; Turner fanned; Morris was safe on an error by Suttles; Jones hit safely to left; Corwin was out at first, Frey to McCall. No runs, one hit, one error.

Third Inning.

Wilmington—Emery grounded out Corwin to Grandle; Fisher hit safely through the infield; Doyle fled to Reno; McCall hit past third; Suttles walked filling the bases; Davis fanned; No runs, two hits, no errors.

Washington—Noon fled to right; Adams fled to center; Reno grounded out, Hi to McCall. No runs, no hits, no errors.

The Fatal Fourth.

Wilmington—White hit over second; Hi grounded to Corwin, White out at second; Frey bunted safe along the first base line, Emery was safe on an error at first; Fisher hit the first ball pitched over the right field fence, scoring Hi, Frey, Emery; Doyle hit for two bases; Reno went to the hill; McCall fled to Adams at second; Suttles hit the left field fence with a single, scoring McCall; Turner threw Suttles out at second. Five runs, five hits, one error.

Washington—Whited went out, Hi to Grandle out, Doyle to McCall; Turner fled to Fisher. No runs, no hits no errors.

Fifth Inning.

Wilmington—Davis fled to Jones; White grounded to Grandle; Hi fanned. No runs, no hits, no errors.

Washington—Whited went out Hi to McCall; Jones fanned; Corwin fled to Doyle. No runs, no hits, no errors.

Sixth Inning.

Wilmington—Frey fled to Reno; Emery walked; Fisher fanned on three pitched balls; Doyle singled to right; McCall went out Jones to Grandle. No runs, one hit, no errors.

Washington—Noon hit by pitcher; Adams hit a long fly to Fisher; Reno fled to Fisher; H. Grandle hit for the circuit before the ball was recovered in the out field, scoring Noon ahead of him; A. Grandle fanned. Two runs, one hit, no errors.

Seventh Inning.

Wilmington—Suttles singled to center; Davis bunted, Suttles out at second; White was safe on Adams' error; Hi was out, Corwin to Grandle; Davis scored Frey was hit by a pitched ball; Emery singled to right; Frey scored. Emery out stealing. Two runs, three hits, one error.

Washington—Turner fanned; Whited lined safely to center; Jones popped to McCall; Corwin fled to center. No runs, one hit, no errors.

CAP. L. P. HOWELL GIVES A TALK SUNDAY EVENING

The usual program of service at the First Presbyterian church Sunday night was dispensed with in order to give the congregation the opportunity of hearing Captain L. P. Howell, an active member whose absence in overseas service during the war was keenly felt.

Rev. J. L. McWilliams conducted brief devotionals and sang one of the solos always most popular with his audiences, before introducing the speaker.

A fluent and extemporaneous speaker, Captain Howell touched upon a large number of subjects, in entertaining narrative style, centering upon recent happenings and results, of more interest today than those things which occurred before the signing of the armistice.

In connection with the peace terms Captain Howell expressed the belief that the Germans are amply able to pay the indemnity and will finish the payment long before it is due. From information gained since the armistice was signed army men think Germany now has far more money than people dreamed and more able bodied men than was earlier thought possible and there is quite a little leaning to the belief that, if she wished, could recuperate sufficiently to engage in another war in seven years.

In the French papers are printed numerous statements given out by the Germans to the effect that they really won the war because they did not lose nearly as many men as the French and their country is not devastated.

In one bank in Belgium, when the Germans left too suddenly to take their money with them, was found one billion, seven hundred million marks.

Captain Howell said that following the armistice France was in worse conditions under the turmoil than even Germany. There was an appalling lack of discipline and unrest and Bolshevism in the army as well as among the common people. France was most anxious to have American soldiers stay through the transition period which always takes place until armies are demobilized and men back in civilian pursuits. He found the same conditions of profiteering in France and England, although in England a strong organization of the middle class to protect themselves against unfair demands of labor or tyranny of capital may be able to

prevent the panic which threatens in the future.

Dr. Howell answered a number of questions, in regard to present conditions and possibilities overseas at the close of his talk. The audience gave him the Chautauqua Salute and Hon. C. A. Reid voiced a few words of appreciation.

MUST NOT SELL DECAYED FRUIT

Health Officer Byron has issued warning against the sale of decayed fruits and vegetables, and announces that where offenses are uncovered prosecution will follow under the law which makes it an offense punishable by fine to even have decayed fruits or vegetables in one's possession.

He asks anyone who finds fruits or vegetables purchased are not usable to report to him at once, and the matter will be taken up without delay.
